

# SigLite LCD 4x3

Models: T-LBK750-BHSB-R

*The SigLite®LCD 4X3 is an advanced biometric electronic signature pad with backlit transfective LCD that displays “electronic ink” under the pen tip during signing. Bundled secure software APIs provide for interactive text, graphics, and pen-tap hotspots and checkboxes which enable users to navigate screens, read agreements, and select preferred options before signing. Topaz –BHSB supports a dual-interface and can be used in either HID USB (cable provided), or serial interface (serial cable set sold separately).*
